cork walls

BE PERFECT. BE NATURAL

**CORK IS 100% NATURAL,  
RECYCLABLE AND RENEWABLE,  
AND IS THUS POPULAR,  
PARTICULARLY IN DECORATION  
AND ARCHITECTURE.**

## CORK, NATURAL PRODUCT

Cork is a unique raw material that respects a culture of sustainability from its origin to the hands of the consumer.

As the bark of the cork oak (Quercus Suber L), it is removed from the tree every 9 years in a process called debarking, which is essential to the tree's healthy growth.

Distinctive, natural, different, this raw material is used in numerous ways, one of which is for decoration in the form of wall coverings.

Naturally, wall coverings based on cork share the unique distinctive features of this raw material.

Ecological and different, DIVINA CORK WALLS wall coverings are composed of cork not used by the cork stopper industry and other by-products. They come in the form of tiles or rolls, creating a cosier ambience.

DIVINA CORK WALLS is a high-quality brand of cork-based coverings. It is recognized for its beauty, elegance and suitability for various types of environments, from the most classical to the most contemporary.

The qualities and ecology of cork make these wall and ceiling coverings one of the best solutions in terms of comfort and pleasure:

- It is natural and renewable
- It ensures warm environments – cork retains and reflects heat
- It is a thermal insulator – it helps maintain the temperature of the rooms
- It is an acoustic insulator – it prevents the propagation of sound between spaces
- It is easily cleaned
- It is easy to maintain
- It is easy to install – just follow the instructions
- It is hypoallergenic
- It repels water
- It is resistant to moisture
- It is anti-static

DIVINA CORK WALLS is a Premium range belonging to Sedacor of the JPS Cork Group, one of the world's largest cork producers, which has been operating since 1924.

Combining tradition and expertise with innovation and technology, the Group companies offer wall and ceiling coverings with the distinctive qualities of cork and with appearances, colours and textures that make them popular for decoration.

The DIVINA CORK WALLS range of cork wall and ceiling Coverings includes two options: the T Series in tiles and the R Series in rolls.

**T** TILES  
SERIES

**R** ROLLS  
SERIES

# T TILES SERIES

Inspired by nature, DIVINA CORK WALLS wall and ceiling coverings, in tiles, adapt to the decoration of all kinds of environments, while ensuring the advantages of cork. Spaces become particularly soundproof and cosy, with constant temperatures, ensuring utmost well-being. DIVINA CORK WALLS tiles allow greater flexibility in application and mixtures of patterns and textures, providing greater originality and individuality in decoration. Diverse colours in natural patterns and the best insulation fit perfectly with the necessary vibrancy of a child's room, the specific personality of a double room or the sometimes noisy joy of the living room. The environments gain in comfort.

Being a natural product, slight variations of shade are inherent features of cork. Therefore, to ensure a homogeneous pattern, mix tiles from several packs. Aqueous base homopolymer finish. 600x300mm and 600x450 packs.

Due to printing constraints, the colours of the products may vary compared to the original

# ROLLS SERIES

DIVINA CORK WALLS cork wall and ceiling coverings in rolls offer a whole series of advantages for decoration: soundproofing and thermal insulation, ease of cleaning, protection against allergies, with the added advantage of quick and easy application. Spaces are made more comfortable and it only takes a minute to change the appearance that serves as the background to your day-to-day life. DIVINA CORK WALLS rolls come in the natural colours of cork, offering greater strength to the elements and details of imaginative décor, giving them a more prominent role. Against this original yet discreet background that cork provides, rooms change with the rhythm of life and well-being is constantly renewed.
